Integrated Delivery System (IDS): Known locally as Hill's Helping Hands (H3) is designed to deliver human service programs by establishing a seamless system of services for collaborative partnerships and coordinated activities

<http://www.hill.af.mil/Home/Integrated-Delivery-System>

DMDC serves under the Office of the Secretary of Defense (OUSD) to collate personnel, manpower, training, financial, and other data for the Department of Defense (DoD). This data catalogues the history of personnel in the military and their family for purposes of healthcare, retirement funding, and other administrative needs. The mission of DMDC can be summarized as follows:

- We collect and maintain an archive of automated manpower, personnel, training, and other databases for the Department of Defense
- We support the information requirements of the OUSD for Personnel & Readiness (P&R) and other members of the DoD manpower, personnel, and training communities with accurate, timely, and consistent data
- We operate DoD-wide personnel programs and conduct research and analysis as directed by the OUSD P&R.

milConnect is a web application provided by the DMDC that offers sponsors, spouses, and their children (18 years and older) access to their personal information, health care eligibility, personnel records, and other information from a centralized location. In most cases sponsors can see benefit information for their dependents, such as eCorrespondence, and health care and dental program enrollments.
